

Nottingham Leander Swimming Club is looking to add a committed and talented teacher to its team. Expressions of interest are invited for

Assistant Tadpole Teacher

Nottingham Leander is one of the East Midlands' leading competitive swimming clubs. We have over 450 members and boast a Tadpoles (learn to swim) programme and an active Water Polo section as well as our junior, senior and masters swimming sections.

We have Tadpoles and Transition groups on a Monday at Rushcliffe and The High School, Tuesday at Cotgrave Friday at Rushcliffe and Keyworth with the potential to start a new group on a Sunday at Rushcliffe. Ideally we are looking for someone to Teach at Cotgrave Tuesday, Rushcliffe Friday and or Rushcliffe Sunday. You will be expected to teach at 2 or 3 sessions per week. The Tadpoles/Transition run for 12 week terms term time only.

In the last competitive swimming season Leander had one of its most successful campaigns ever. Our junior swimmers were crowned Derbyshire and Nottinghamshire champions and some of these same swimmers contributed to the club finishing 5th in the Arena National League Regional Final – our highest placing in many years. We have a burgeoning junior development section feeding into our junior squad. The progression of these squad swimmers many of whom started in our Tadpoles and up through the club promises a very bright future for Nottingham Leander.

Leander has a strong identity and it is important that our new teachers recognise and engage with this. We are a family club; many of our swimmers are the children of Leander swimmers. We aim to give a life-long love of swimming and keep our members in the sport (no burn out!) We are a fun club and believe that happy swimmers will be fast swimmers.

The Assistant Tadpole Teacher will be working alongside our Tadpole Leader Lisa Chaplin and with our dedicated team of volunteers. We require a minimum of a Level 1 Teacher willing or working towards Level 2 which the club is happy to help put the successful person through.

Remuneration
