10							

- Notes:
- 1 Your Mentor or the referee at the event shall sign to indicate that duties were carried out successfully.
  - 2 Any duty that has already been performed and can be verified should be signed of at the beginning of the season by your mentor.
  - 3 Where possible all duties should be covered but it is not essential, the test for an Open Water referee is a pass at the written examination plus two successful practical assessments. Mentors should ensure that candidates are sufficiently prepared for these.
